Insta Pay process is offered through [MyCountyParks.com](https://MyCountyParks.com). This allows another payment option for campers to use. They can process payment for a campsite through their phone by scanning a QR code at the campsite. This will charge them an addition \$4 fee through MCP, which is similar to what is already used when they go online to reserve a campsite. Insta Pay process will be made available at all non-reservable sites. They can also pay by cash or check at all non-reservable sites. The question is do we just absorb the transaction fee of \$1 per transaction for the first year to monitor how many actually use it.
