

FACILITY CALENDAR RESERVATIONS

WHAT ARE THE HALF-SHADED DATES?

This example demonstrates a **one-night booking for the 1st of the month**. The location of the diagonal shaded areas reflect the following: The shade in the **lower-right half** of the date is an arrival date and no longer selectable for booking a night's stay. The shade in the **upper left half** is a departure date which remains selectable for the arrival date of another reservation if desired.
